

SAGEM-INTERSTAR LAUNCHES MAJOR ENHANCEMENTS IN RELEASE 6.5 OF ITS XMEDIUSFAX FOIP SUITE

For Release 9:00am. EST - Nov 30, 2009

RAPID ROI-ENABLING ANCHOR ELEMENTS IN SAGEM-INTERSTAR'S XMEDIUSFAX™ FOIP PLATFORM EXTEND UC AND ECM TO FACILITATE GREEN, ENTERPRISE IP FAXING FROM ANYWHERE, ANYTIME, USING ANY DEVICE.

Montreal, Canada — (Marketwire, November 30, 2009) — [Sagem-Interstar](#) (Sagemcom Group), the global leader in advanced IP fax server solutions, is launching today a new release of its XMediusFAX Fax over IP (FoIP) software suite. XMediusFAX Release 6.5 features major enhancements that cost-effectively address business and mission-critical IP fax applications within the dynamic and rapidly evolving Unified Communications (UC) and Enterprise Content Management (ECM) ecosystems.

Anchor elements in XMediusFAX Release 6.5 include:

- Microsoft application-certified integration with Microsoft Exchange Server 2010 Unified Messaging (UM), Windows 7 and Windows 2008 R2
- A comprehensive and rich multilingual user interface (supporting English, French, Spanish, German, Italian, and Portuguese)
- Advanced and unique branch survivability support with integrated “auto-healing” capabilities involving Cisco Integrated Services Router (ISR) and Application eXtension Platform (AXP) infrastructures
- FoIP-optimized operations enhancements facilitating rapid deployment and troubleshooting
- A new, state-of the art and versatile report-generation engine for improved control and business process efficiency
- Advanced number modification enabling flexible UC application deployment
- Powerful web phonebook for seamless integration with emerging web 2.0 technologies and infrastructures
- Full SIP-based interoperability with major UC platforms, including Cisco CUCM/AXP, Avaya Aura CM, and Alcatel-Lucent OXE, as well as other leading gateway and infrastructure solutions (including Microsoft Exchange 2010 Server)

COMMUNIQUÉ DE PRESSE
PRESS RELEASE

QUOTES

“These new anchor elements in Sagem-Interstar’s XMediusFAX Release 6.5 reinforce our commitment to the dynamic IP fax space within Microsoft, Cisco, Avaya, Alcatel-Lucent, and other major UC/UM infrastructures. We are continuously responding to a rapidly changing business environment, catering to both our channel and customer requirements through timely R&D innovations, as well as future-proof marketing and channel investments that reduce network complexities and improve operational efficiencies”, said Jean Champagne, General Manager of Sagem-Interstar.
